

Raga Hanzlik -- Mother of Waters

1. Drinking In The Love

It's the truth in what we know
It's the truth in what we say
It's the truth in what we do
And how we love each other....every day

It's the force that gives to you
In the heart of all who ask
It's the force that lives in water
It's the force that lives in.....side the land

Oh my daughter let it be
Oh my daughter let it go
Oh my daughter put your heart
In my hands then.....you will know

Oh my father let me be
Very humble in my heart
To receive what you give me
Both the easy....and the hard

Let it go, let it go
Into the hands of our father
Into the lap of our mother
You can cry your tears of....repentance

Oh my mother please hear me
Even though my voice is small
Please end the suffering inside me
Please end the suffering in....side us all

Oh my father you know
All the things I say and do
All the reasons for my sins
You help me heal and you...help me grow

Oh my father I love you
Please let me feel your love
Please heal the wounds of this need
So that your love may....fill me up

Oh my sisters let it go
Oh my sisters let us be
Healing this union here together
All the rest we....must set free

This is a message for you
For all those who ask
For all those who live
In the truth....of this path

Oh my mother set us free
Oh my father let us be
Pure in thought, mind and body
So that we may....do your work

Oh, and this I say to you
Knowing of your rebirth
Let go of all things.
So that you may....be reborn

This is a lesson from us
Here in the clouds where we stay
That if you want to know life
You must live and work and...truly pray

Oh, and this I say to you
With the purest love
Know in your heart that you are worthy
And all that you must.....do is love

Blessings daughter, blessings daughter
You are the truth of this light
Let it shine ever so brightly
Knowing God holds you....in the heights

If you want to know the truth
You just need to look within
Inside of you lies the answer
Inside of you, you....must listen

Share your love, share your love
Let it flow like the sea
Never hold back, never hold back
Because this hurts you and....hurts me

Never forget to open
Like a flower in the Sun
In the wind set your cares free
Drinking in the love of His true Son

2. Obrigada

Thank you my Mother
I am a daughter of Your waters
Thank you my Father

inside my heart
My wounded heart

You are so precious
You touch my heart like a flower
Reminding us all of our true value
that we are loved
Without end

4. Mother Of The Forest

Walk with me my daughter
Towards the rising Sun
I came here to be with you
My beloved one

Feel my arms around you
My dark skin surrounding you
I'll rock you like a baby
My precious little one

Lay down on the earth
Beneath my trees
My green branches caress you
Oh so tenderly

Iemanjá my Mother
And all guides
They are who bring these blessings
In our Festival

6. Warrior Of Light

Once upon a time
There was darkness on the earth
It shook and it swayed
And there was much suffering

Grab your sword, enter the battle
Remember you're a warrior
A warrior of light
Joan of Arc is by your side

Listen to me daughter
My voice is loud and clear
Don't believe in the sickness
For that is only fear

Give everything to nature
Give it up to transform
Have faith in the Master
That you will be reborn

The life force that brings every seed
And leaf into flower
I call on this force
To bring a healing power

Descending from a bright star
Your guides are here to heal
Trust in them and your Divine Queen
The Queen of Victory

7. Firmeza

Firmeza no coração
En a luz da Virgem da Conceição
Essa luz e esse brilho
É o dom deste caminho

Santo Daime, Virgem Maria
Jesus Cristo, São nossos guias
O patriarca São José
Ele é quem me determina

Vou seguindo eu vou seguindo
Vou seguindo até o fim
O patriarca São José
Ele é quem me trouxe aqui

Ser corpo é da Mãe Terra
E tudo mundo precisa cura
É dentro de você
A cura da Terra é possível

7. Firmeza

Firmness in the heart
In the light of the Virgin of Conception
This light and this brilliance
Is the gift of this path

Santo Daime, the Virgin Mary
Jesus Christ are all our guides
Patriarch St. Joseph
He is who determines me

I go following, I go following
I go following until the end
Patriarch St. Joseph
He is who brought me here

Your body is of the Mother Earth
And everybody needs healing
It is inside of you
That the healing of the Earth is possible

8. Wedding Day

The power of love
Is a very simple thing
You must not forget your promise
That you made here with these rings

We are in a circle
The web of life is spun
Through our words and actions
Great spirit's work is done

The Ancestors come
Here within this feast
To celebrate your union
Calling North, South, West and East

Padrinho Sebastião
E São Irineau
Also offer you their blessing
On your wedding day

On the snow capped peaks
Where there burns a golden sun
The great Mount Shasta
Is asking for this song

Sacred fire in Her temple
May it burn eternally
Blessing you with life and courage
For you and your family

9. Uma Bela Cura

Firmai o teu pensamento
Não precisa mais pensar
Firmeza no coração
Para Deus nos perdoar

Quando Deus nos perdoar
É um grande libertação
Das cordas que nos amarroam
E depois ficamos alegre

A onde está sua familia
É o que você precisa
Tem uma mulher bonita
Seu coração com mel está cheia

Os caboclós vêm aqui
Para dar uma bela cura
Pelo ritmo de tambor
E a doçura deste canta

Pedimos aos Seres Divinos
E também aos Orixás
Com sua luz imensa
Por favor nos abençoe

9. Uma Bela Cura

Firm your thoughts
You don't need to think more
Firmness in the heart
For God to forgive us

When God forgives us
It is a great liberation
From the chords that entangle us
Afterwards we are joyful

Where is your family?
It is what you need
There is a beautiful woman
Her heart is full of honey

The caboclós come here
To give a beautiful healing
By the rhythm of the drum
And the sweetness of this song

We ask the Divine Beings
And also the Orixás
With your immense light
Please bless us

10. A Rainha E Nosso Padrinho

Dentro do meu coração
Eu encontrei
As profundezas do mar

Nadei aqui, nadei alhi
Nadei la
Eu encontrei A Rainha Iemanjá

Con suas águas cristalinas
Eu sou lavada
Eu sou lavada limpa

Com suas águas salgadas
Eu estou firme
E eu vou trabalhar

1) Aiye! Aiye! Salve salve
A Rainha Iemanjá!
2) Aiye! Aiye! Aiye!
A Rainha do mar

Quando tudo está silencioso
E só sóssurro das ondas
Pode se ouvir

A presença da Estrela Azul
Vem pra guair
E vem pra iluminar

O meu Padrinho Sebastião
Essa igreja
Quer ti agradecer

Por sua Presença Divina
Sua Proteção
E graça desta ligação

1) Aiye! Aiye! Salve, Salve
Padrinho Sebastião!
2) E as brumas do mar! Salve
A Rainha e nosso Padrinho

10. A Rainha E Nosso Padrinho

Inside my heart
I encountered
The depths of the sea

I swam here, I swam there
I swam way over there
I encountered the Queen Iemanjá

In your crystalline waters
I am washed
I am washed clean

With your salty waters
I am firm
And I am going to work

1) Aiye! Aiye! Hail, hail
The Queen Iemanjá
2) Aiye! Aiye! Aiye!
The Queen of the sea

When everything is quiet
And only the whisper of the waves
Can be heard

The presence of the Blue Star
Comes to guide
And comes to illuminate

Oh my Padrinho Sebastião
This church
Wants to thank you

For your Divine Presence
Your Protection
And the grace of this connection

1) Aiye! Aiye! Hail, Hail
Padrinho Sebastião!
2) And the mists of the sea! Hail
The Queen and our Padrinho

11. Goddess Of Fire

From the depths of the Earth
Comes the Goddess of Fire
Feel her heat, feel her flames
She comes to purify us

Let her fire burn you clean
Surrender to her pains
She is cutting you from illusion
She comes here to transform us

In the depths of her womb
Is the greatest volcano
Giving birth to all life
The power of creation

Birth and death are her domain
They are one in the same
With her sword of fire
We're liberated from the game

Now she dances in red satin
Arabian queen
Igniting the sacred serpent
That gives life to us

On a journey she will take you
To the core of everything
Try to trust and surrender
To receive her holy strength

Feel her heat, feel her flames
In devotion we sing
To the Goddess of Fire
Kali is her name

12. Pai Celestial

Meu Papai Celestial
Vós tem um grande amor
Vós me dá minha saúde
Vós me dá o meu amor

Eu toco esta canção
De amor na minha viola
Porque a viola fala
A língua do coração

Filha recibi de mi
Meu amor minha bênção
Agora vou te ensinar
A língua do coração

12. Pai Celestial

My Celestial Daddy
You have a huge love
You give me my health
You give me my love

I play this love song
On my guitar
Because the guitar speaks
The language of the heart

Daughter receive from me
My love and my blessing
Now I'm going to teach you
The language of the heart

13. Arcanjo Gabriel

Peço força, me da força
Do Arcanjo Gabriel
Ele me deu a minha espada
Para vencer a batalha

A espada é uma luz
Dentro do meu coração
Iluminando pensamento
E cortando a ilusão

A ilusão é medo
Mas não é uma coisa crer
Com coragem do sol
Ce pode cortar esse véu

Eu peço segurança
Dós ós Arcanjos do Céu
Daime fé daime sua mão
Quando eu atravesso o volcão

Eu me firmo na lua cheia
Brilhando nas montanhas
O ar de noite clara
E as águas de cristal que vêm de lá

13. Arcanjo Gabriel

I ask for strength, give me strength
Of the Archangel Gabriel
He gave me my sword
To win the battle

The sword is a light
Inside of my heart
Illuminating thought
And cutting through Illusion

The illusion is fear
But it is not something to believe
With the courage of the Sun
You can cut through this veil

I ask for security
From the Archangels of Heaven
Give me faith, give me your hand
When I cross over the volcano

I firm myself on the full moon
Shining on the mountains
The air of the clear night
And the crystal waters that come from there

14. Me Dê Coragem

Meu Deus me dê coragem
Eu quero ser um filho Seu
Nos dai conforto e alegria
Neste oceano de dor

Minha Mãe minha Mãezinha
Eu quero Vós bem perto de mim
Daime fé e alegria
E não me deixa cair

Meu Deus me de coragem
Nesta escola do amor
Daime todo que eu preciso
Eu quero ser mais uma flor

14. Me Dê Coragem

My God give me courage
I want to be a child of yours
Give us comfort and joy
In this ocean of pain

My Mother, my Mommy
I want you very close to me
Give me faith and joy
And don't let me fall

My god give me courage
In this school of love
Give me all that I need
I want to be one more flower

15. The Way Of The Heart

It's in the way of the heart
It's in the way of the heart
It is
In the way of the heart
That we are able to forgive

It is in opening our heart
It is in opening our heart
It is
In opening up our heart
That we are given a new life

So forgive me my love
For not opening to you
For not knowing how to love
May all
Of this be forgiven

If you open your heart
You can dive right in
There is no need to be afraid
For this
Is the Holy Communion

As Sereias do mar vêm nós batizar
Com águas sagradas
Para lavar e salvar
Oh Mamãe! Please welcome me
